**Learning Made Easy with Positive Energy  
School Training Program**

[www.universalknowledge.in](http://www.universalknowledge.in)

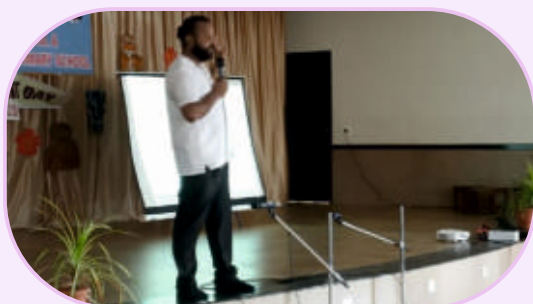

**Learning Made easy with Positive Energy is a School Training Program from the book internationally Published and written by Rohan Michael Shiri, the techniques used in this training program are very simple ancient methods that will help children to balance their brain, achieve overall development and be able to excel academically and in their hidden inborn talent.**

**The training program will help children to increase their brain capacity, better understanding of their subjects, social skills, increased confidence levels, greater coordination, creativity, build their positive energy, score better marks and also identify their talent and interest.**

**Universal Knowledge Trust has been conducting this training program from the year 2018, all the children who have been trained and practicing these techniques were able to score very high marks and also be able to build their talent and excel in the same.**

**In all schools, where this training program were conducted the children academically were able to achieve 100% results.**

**Every year Universal Knowledge Trust also organises summer training camp for children.**

**My children have stopped using the Mobile and Watching TV for long hours she has become very very active  
- Mother**
