

Universal Knowledge[®]

MONTHLY ACTIVITIES REPORT

January-February 2026

Atma Namaste .

As we advance into 2026, it has been a privilege to be part of the Universal Knowledge community. Serving people unconditionally has been a deeply fulfilling experience, revealing that finding one's purpose is truly a profound, indescribable journey.

Witnessing the transformative effects of natural positive energy healing on people often feels miraculous, yet deep down, we know it is a precise science that activates the body's innate healing mechanisms.

Teaching self-healing and nurturing a positive mindset in others has been a profoundly extraordinary experience.

Providing food to the needy has been deeply satisfying, reinforcing our belief in the importance knowing that quality food is essential for life. Thanks to the dedication and unconditional support from various sections of people, including members of the Universal Knowledge Trust, has motivated and inspired us, proving how easily positivity can spread.

We are pleased to announce that our trust has been recognized by the Income Tax Department with 80G and 12A certification (valid for 5 and 10 years, respectively), which has significantly boosted our motivation and strengthened our work.

With deep appreciation, I thank everyone at Universal Knowledge for their support and warmth.
